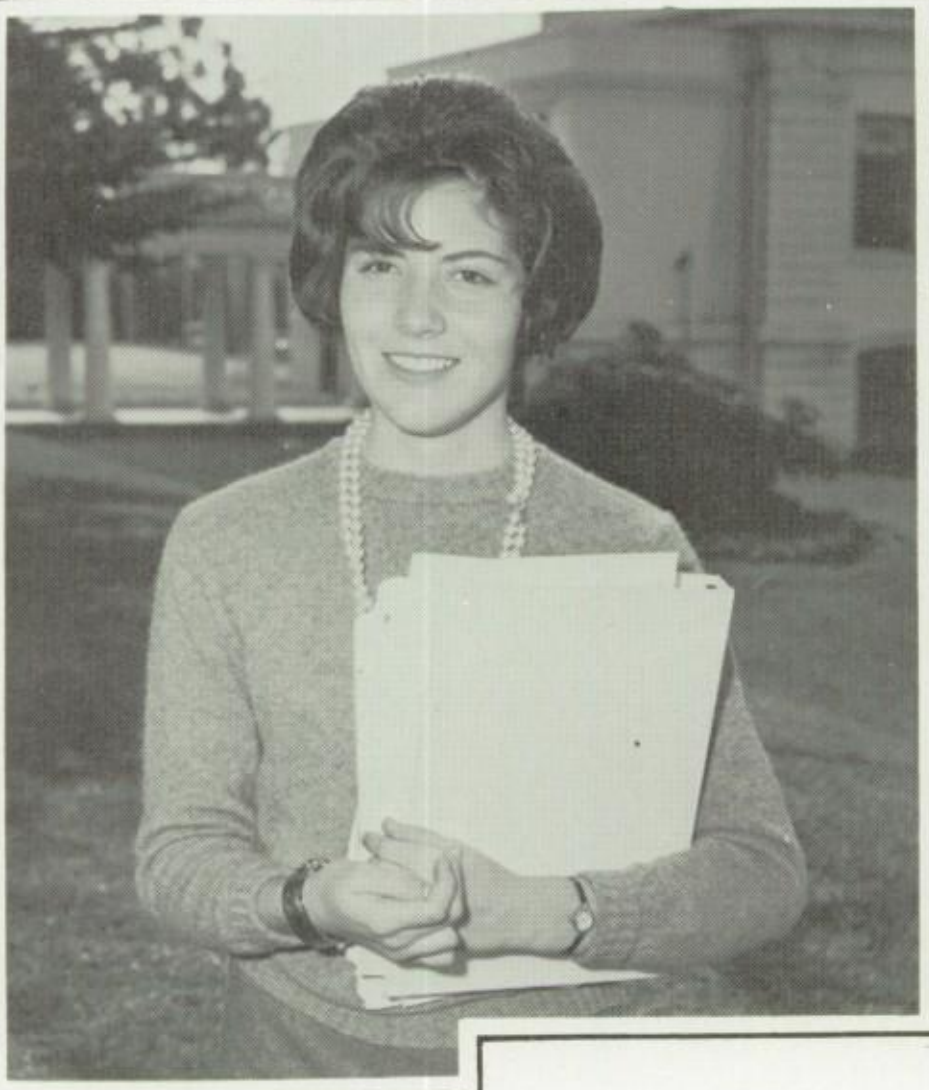
It is the hope of the Staff that our Yearbook will help to make firm in your minds the experiences of your first year at Foothill. Through the pages of the annual, we hope to remind you of events which ordinarily would be forgotten into the unrecorded past. This, then is a record of you and your more happy moments. The Vargarian Staff of 1962-'63 wishes to dedicate this Yearbook to you and your school.



FELLOW VIKINGS

The yearbook staff has worked many long, hard, but enjoyable hours, trying to publish a book that will please everyone. I hope, in the years ahead, everyone will look back and happily recall the memories we have captured.

I wish to express my sincere thanks to everyone who has contributed to the success of this book, especially, Mr. Taylor, our advisor, Mrs. McKillop, and Rip, and to all of you students.

Thank You,

Robin Johnson, Editor in Chief

# ADMINISTRATION

## A SAGA FOR MODERN VIKINGS

Nine short months ago a band of daring Vikings set sail for a new land called Foothill. The decision to make the voyage was made only after much discussion about whether or not it was even wise to leave their homeland. Some feared they would not be properly piloted; others that the ship was not sea-worthy.

Like all pioneers, they were at the same time awed and intrigued by the unknown experiences that awaited them. But the crowded conditions in their homeland and the anticipation of new and exciting opportunities caused them to set their doubts aside and venture out.

The intrepid Vikings soon found that their vessel was sound and that the stormy seas soon calmed. Before they knew it the summer was over and they had arrived in the new land.

They approached the building of a new life with enthusiasm and vigor and made plans for governing themselves and for working, studying and playing together. They soon became very proud of their new land -- the beautiful trees, stately buildings and friendly natives. Fiercely loyal, they defended the proud Viking name on athletic fields of battle.

As the year ends and the new land has proven to be hospitable and rich in resources, plans are being made for 650 more Vikings to make their way to the new land. Those who are already at Foothill are anxious to show off their land to those who will arrive in the Fall.
